

POWER WEEK ASIA

11 - 15 November 2019, Singapore

www.power-week.com/Asia

Overview

POWER WEEK ASIA is the 5th annual international conference & summit, designed for the electric power and energy industry. It provides 5 days of networking opportunities with C-level executives during a 2-day conference as the main event, plus 6 workshops with real life case studies, expert views, and valuable insights on the market outlook.

At **POWER WEEK ASIA**, you will meet industry peers from national power companies, government regulators, policy makers, renewable & IPPs, investors and suppliers from around the globe. With C-level speakers and attendees all under one roof, it gives you the chance to learn the success strategies and pitfalls of notable power projects. The conference features 20+ engaging sessions covering policy & regulations, global energy market outlook, fuel & electricity market, solar technology, energy storage, grid technologies, digitalisation, power generation efficiency, electric power transmission, power plant & power projects, investment & financing, solar & wind tariffs and many more. **POWER WEEK ASIA** is the most anticipated event, not to be missed!

www.power-week.com/Asia

This year's conference will address cutting edge topics with **Real Examples and Case Studies** including:

Date	Program
12 – 13 November 2019	POWER WEEK Main Conference
11 November 2019	Workshop A: Energy Utilities Regulation & Policy
14 November 2019	Workshop B: Energy Storage
15 November 2019	Workshop C: Grid Technologies
5 – 8 November 2019	Workshop D: Power Purchase Agreement from Legal Perspective
18 – 21 November 2019	Workshop E: Mastering Renewable & Alternative Energies

25 - 27 November 2019

Workshop F:
Clean Energy Opportunity & Risk Analysis

List of expert speakers from best industry players in the world

1. **Ma Jinlong**, VicePresident, **APEC Sustainable Energy Center, China**
 2. **Shinichi Imai**, Managing Director, **TEPCO Power Grid, Japan**
 3. **PatanaSangsriroujana**, Deputy Governor-Strategy, **Electricity Generating Authority of Thailand (EGAT), Thailand**
 4. **Haji Husaini Bin Husin**, Chief Grid Officer, **Tenaga Nasional Berhad, Malaysia**
 5. **Tor Inge Stokke**, President, **SN Power, Philippines**
 6. **Paddy Padmanathan**, President & CEO, **ACWA Power, Saudi Arabia**
 7. **Dan Neil**, COO, **MERALCO Power Generation, Philippines**
 8. **Rick Truscott**, COO, **CLP Power, Hong Kong**
 9. **Adrian Lembong**, Director of Technology,**Adaro Power, Indonesia**
 10. **Simon Li**, President and General Manager of Asia Pacific Project Business Unit (APBU),**Trina Solar, China**
 11. **Alex Hewitt**, CEO, **CWP Renewables, Australia**
 12. **Lionel Steinitz**, CEO,**LYS Energy, Singapore**
 13. **Petteri Härkki**, Managing Director,**Pöyry, Thailand**
 14. **Anand Menon**, CTO, Eng. & Technology, **Siemens, Malaysia**
 15. **Dany Qian**, Vice President,**Jinko Solar, China**
 16. **Sujay Shah**, Executive Director, Cleantech Coverage, **Standard Chartered Bank, Singapore**
 17. **Sunil Gupta**, Senior Vice President & Head, Renewable Energy, **Sembcorp Industries, Singapore**
 18. **Laurence Kwan**, Director, Energy, **Sunseap Group, Singapore**
 19. **Janne Lautanala**, General Manager for Digital Foundry,**Wärtsilä, Singapore**
 20. **Lenita Tobing**, Partner, **PwC, Indonesia**
 21. **Raju Shukla**, Founder and Chairman, **Cleantech Solar, Singapore**
 22. **James Allan**, Director, **Frontier Economics, Singapore**
- ... and more. To find out the speakers' profile, visit www.power-week.com/Asia/Speakers

Reasons Why You Should Not Miss the Conference

- **Networking Opportunity**
The chance to build relationships and learn from the experience of other influential industry players.
- **Renowned Speakers**
Be inspired by top-notch speakers with years of experience and knowledge in their field.
- **Business Prospect**
Meeting with emerging professionals and industry leaders with the potential for a business prospect.
- **Expand Market Outlook**
Gain insight on the current and future power and energy market in Asia and beyond.

Need More Reasons to Attend?

1. An interactive conference with a debate style panel discussion.
2. Discover how to deal with issues and challenges of regulatory uncertainties.
3. Understand the possibilities and threats for deregulation in power from policy makers' point of view.
4. Obtain the up-to-date insights of global energy market trend.
5. Comprehend the right energy transition strategy, execution and portfolio management for power and energy company.
6. Discover the potential of blockchain application in electricity sector.
7. Adapt to new technology trends by understanding the development of solar panel, energy storage & smart grid technologies.
8. Identify the strategies to minimise the cost of power generation.
9. Methods to attract private investing in emerging market.
10. Learn about the technical know-how in power plant development.
11. Evaluate the success and failure of energy and power business through various companies' real-life case studies.
